Allowable Subject Matter

1. Claims 1-4, 6-7, 9-11, 13-17, 20-21, 23-25 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach an apparatus comprising at least a first transistor having its gate coupled to receive a first dynamic data signal; a second transistor having its gate coupled to receive a second dynamic data signal; and a common transistor coupled to receive a NOR logic of complements of the dynamic data signals wherein the common transistor is inactive during the precharge phase, but is to be responsive to complements of the dynamic data signals during the evaluate phase, in which if one of the plurality of transistors is made active during the evaluate phase, the common transistor remains inactive, but if the plurality of transistors remain inactive during the evaluate phase, the common transistor is made active to pull the output node towards a potential of the second node.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
